PROFILE

- Goal-focused IT professional with 3+ years of experience in software testing and automation using Selenium and Java, responsible for developing and executing automated test scripts to ensure software reliability.
- Skilled in various testing types, including smoke, GUI, functional, regression, and user acceptance testing.
- Experienced in utilizing XPath, CSS selectors, and other locators for element identification in Selenium.
- Adept at collaborating with cross-functional teams to define testing requirements, contributing to the successful delivery of high-quality software solutions.
- Proficient in analyzing test results, providing detailed reports, and offering actionable insights to enhance software quality and performance.

WORK EXPERIENCE

Bristlecone India Pvt. Ltd - Specialist Automation Testing

June 2021 - Present

- Developed a Selenium WebDriver test automation framework with TestNG and Java to improve test efficiency and coverage.
- Executed automated tests using Java and TestNG, managing defects through JIRA for timely resolution.
- Implemented an automation strategy using Java to accelerate testing cycles and enhance release velocity.
- Led knowledge transfer sessions to improve team collaboration and expertise in Selenium and Java automation.
- Created and optimized scalable Java-based automated test scripts, ensuring cross-environment performance.

Bristlecone India Pvt. Ltd - Associate Consultant

May 2021 - June 2022

- Managed trading partner setups and ensured business document testing adhered to industry standards.
- Utilized JIRA to track, analyze, and resolve errors, maintaining a 100% customer satisfaction rate.
- Conducted transaction testing and resolved process issues to ensure seamless data flow and operational efficiency.
- Collaborated with team members to implement solutions that enhanced business operations, ensuring accuracy and optimal performance.

PROJECTS

- **EDI Document Testing** Conducted extensive testing of EDI documents to ensure compliance with business requirements and standards.
- **Automation Testing Framework Development** Developed a robust automation testing framework using Selenium WebDriver and Core Java, enhancing testing efficiency and accuracy.

EDUCATION

- **Bachelor's Of Engineering, 2019**
  R.M.D Sinhgad Technical Institutes Campus
